NOTE

from : Presidency
to : Working Party on Statistics
No. Cion prop. : 16738/06 - COM(2006) 778 final
Subject : Proposal for a Regulation of the European Parliament and of the Council
concerning statistics on plant protection products

With a view to the meeting of the Working Party on Statistics on 16 February 2009 delegations will find attached a working paper from the Presidency on the above subject.

**PRESIDENCY WORKING PAPER ON THE PROPOSAL FOR A REGULATION OF
THE EUROPEAN PARLIAMENT AND OF THE COUNCIL CONCERNING STATISTICS
ON PLANT PROTECTION PRODUCTS**

Explanation:

This Presidency working paper is based on the Council's Common Position, the Rapporteur's draft recommendation for the 2nd reading, the mandate from COREPER for the 1st triilogue, the outcome of the 1st triilogue and the Presidency's suggestions for the technical triilogue, which was held on 10 February 2009.

The focus of this meeting is to obtain the Working Party's opinion on the suggested changes and to find some flexibility for the 2nd triilogue, which will be held on 3 March 2009. Thus, at the meeting of the Council Working Party on Statistics the suggested changes in this Presidency working paper will be discussed in order to prepare the mandate for the next triilogue. It is planned that the mandate should be approved by COREPER on 27 February 2009.

Furthermore the Presidency would like to inform the delegations that due to time constraints it was not possible to include the outcome of the technical triilogue in this Presidency working paper. Thus it may happen that some of the suggestions included in this document need to be modified. Therefore the Presidency intends to send you information on the outcome of the technical triilogue prior to the meeting of the Council Working Party on Statistics.

The Presidency would like to inform the delegations that those parts of proposal, which were not changed during the 1st reading, will not be discussed.

GENERAL OBSERVATION:

The differences between the Common position, as adopted by the Council on 20 November 2008 and this working paper are in **bold underlined** characters or marked with [...].

Comments appear under the heading "Observation" and in *italics*.

**REGULATION (EC) No .../2008 OF THE EUROPEAN PARLIAMENT
AND OF THE COUNCIL**

of
concerning statistics on [...] pesticides

Observation:

The term "pesticides" is used throughout the Regulation in order to reflect EP amendments and to ensure coherence between this statistical Regulation and the Directive establishing a framework for the sustainable use of pesticides.

(Text with EEA relevance)

THE EUROPEAN PARLIAMENT AND THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty establishing the European Community, and in particular Article 285(1) thereof,

Having regard to the proposal from the Commission,

Having regard to the opinion of the European Economic and Social Committee¹,

After consulting the Committee of the Regions,

Acting in accordance with the procedure laid down in Article 251 of the Treaty²

Whereas:

- (1) Decision No 1600/2002/EC of the European Parliament and of the Council of 22 July 2002 laying down the Sixth Community Environment Action Programme³ recognised that the impact of pesticides on human health and the environment, in particular from [...] **pesticides** used in agriculture, must be reduced further. It underlined the need to achieve more sustainable use of pesticides and called for a significant overall reduction of risks and the use of pesticides consistent with the necessary crop protection.

¹ OJ C 256, 27.10.2007, p. 86.

² Opinion of the European Parliament of 12 March 2008 (not yet published in the Official Journal) and Council Common Position of ... (not yet published in the Official Journal) and Position of the European Parliament of ... (not yet published in the Official Journal).

³ OJ L 242, 10.9.2002, p. 1.

- (2) In its Communication to the Council, the European Parliament and the European Economic and Social Committee entitled "Towards a Thematic Strategy on the Sustainable Use of Pesticides", the Commission recognised the need for detailed, harmonised and up-to-date statistics on sales and use of pesticides at Community level. Such statistics are necessary for assessing policies of the European Union on sustainable development and for calculating relevant indicators on the risks for health and the environment related to pesticide use.
- (3) Harmonised and comparable Community statistics on pesticide sales and use are essential for the development and monitoring of Community legislation and policies in the context of the Thematic Strategy on the Sustainable Use of Pesticides.
- (4) [...]
- (4a) **The scope of this Regulation shall be in line with the Directive .../.../EC of the European Parliament and of the Council of ... establishing a framework for Community action to achieve a sustainable use of pesticides and thus limited to pesticides, which are plant protection products. The collection of data on biocidal products is anticipated later under separate Regulation.**

Observation:

The new text was added in order to align the scope of this Regulation with the Directive establishing a framework for the sustainable use of pesticides.

- (5) The experience of the Commission in collecting data on sales and use of **[...] pesticides** over many years has demonstrated the need to have a harmonised methodology for collecting statistics at Community level both from the stage of placing on the market and from users. Moreover, in view of the aim of calculating accurate risk indicators according to the objectives of the Thematic Strategy on the Sustainable Use of Pesticides, statistics need to be detailed up to the level of the active substances.

- (6) Among the different data collection options evaluated in the impact assessment of the Thematic Strategy on the Sustainable Use of Pesticides, mandatory data collection was recommended as the best option because it would allow the development of accurate and reliable data on the placing on the market and use of [...] **pesticides** quickly and cost-efficiently.
- (7) [...] **Regulation (EC) No .../2009 on European Statistics and repealing Regulation (EC, Euratom) No 1101/2008 of the European Parliament and of the Council on the transmission of data subject to statistical confidentiality to the Statistical Office of the European Communities, Council Regulation (EC) No 322/97 on Community Statistics, and Council Decision 89/382/EEC, Euratom establishing a Committee on the Statistical Programmes of the European Communities (hereinafter referred to as Regulation (EC) No .../2009 on European Statistics)** constitutes the reference framework for the provisions of this Regulation. In particular, it requires conformity to standards of **professional independence**, impartiality, **objectivity**, reliability, [...], cost-effectiveness **and** statistical confidentiality [...].

Observation:

The reference to the new Regulation on European Statistics and its principles was added in order to partially accept the EP amendment no.6.

- (8) The transmission of data subject to statistical confidentiality is governed by the rules set out in **Regulation (EC) No .../2009 on European Statistics**. Measures, which are taken in accordance with this Regulation, ensure the physical and logical protection of confidential data and ensure that no unlawful disclosure and non-statistical use occur when Community statistics are produced and disseminated.

Observation:

The reference to the new Regulation on European Statistics was included to be in line with the previous text (see recital 7).

- (8a) **The publication and dissemination of data collected by this regulation is governed by the rules set out in Regulation (EC) No .../2009 on European Statistics and Directive .../.../EC of the European Parliament and of the Council of ... establishing a framework for Community action to achieve a sustainable use of pesticides.**

Observation:

The new recital on publication and dissemination was included to incorporate the idea of EP amendments no.29 and 36.

- (9) The necessary protection of confidentiality on data of commercial value **[...]** needs to be assured, among other means, by an appropriate aggregation when publishing statistics.

Observation:

Formal change of the text seeking to partially accept the EP amendment no. 7.

- (10) To guarantee comparable results, statistics on **[...]** **pesticides** should be produced in accordance with a specified breakdown, in an appropriate form and within a fixed period of time from the end of a reference year as defined in the Annexes of this Regulation.
- (11) The measures necessary for the implementation of this Regulation should be adopted in accordance with Council Decision 1999/468/EC of 28 June 1999 laying down the procedures for the exercise of implementing powers conferred on the Commission¹.
- (12) In particular the Commission should be empowered to define the area treated and to adapt Annex III. Since those measures are of general scope and are designed to amend non-essential elements of this Regulation, inter alia by supplementing it with new non-essential elements, they must be adopted in accordance with the regulatory procedure with scrutiny provided for in Article 5a of Decision 1999/468/EC.

¹ OJ L 184, 17.7.1999, p. 23.

- (13) Since the objective of this Regulation, namely the establishment of a common framework for the systematic production of Community statistics on the placing on the market and use of ...] pesticides, cannot be sufficiently achieved by the Member States and can therefore be better achieved at Community level, the Community may adopt measures, in accordance with the principle of subsidiarity as set out in Article 5 of the Treaty. In accordance with the principle of proportionality, as set out in that Article, this Regulation does not go beyond what is necessary in order to achieve that objective.
- (14) The Statistical Programme Committee, established by Council Decision 89/382/EEC, Euratom¹, has been consulted,

HAVE ADOPTED THIS REGULATION:

¹ OJ L 181, 28.6.1989, p. 47.

Article 1

Subject matter, scope and objectives

1. This Regulation establishes a common framework for the systematic production of Community statistics on the placing on the market and use of ...] pesticides.
2. The statistics shall apply to:
 - the annual amounts of ...] pesticides placed on the market in accordance with Annex I;
 - the annual agricultural use amounts of ...] pesticides in accordance with Annex II.
3. The statistics shall, in particular, together with other relevant data serve the purposes of Articles 4 and 14 of Directive .../.../EC of the European Parliament and of the Council of ... establishing a framework for Community action to achieve a sustainable use of pesticides^{1*}.

Observation:

The reference to the Article 4 of the Directive establishing a framework for the sustainable use of pesticides was added as it deals with the national action plans, for which the data collected by this Regulation may be relevant. The EP amendment no. 14 was thus fully accepted.

Article 2

Definitions

For the purposes of this Regulation, the following definitions shall apply:

- (a) "plant protection products" means plant protection products as defined in Article 2(1) of Regulation (EC) No .../...*;

Observation:

Formal changes of the text seeking to partially accept EP amendments no. 15.

¹ OJ L

* Note to OJ: Please insert the number, date of adoption and reference of document under No ST 6124/08.

* Note to OJ: Please insert the number of Regulation from recital (4).

- (b) "substances" means substances as defined in point (2) of Article 3 of Regulation (EC) No .../...*, including active substances, safeners and synergists;
- (c) "active substances" means active substances as referred to in Article 2(2) of Regulation (EC) No .../...*;
- (d) "safeners" means safeners as referred to in Article 2(3)(a) of Regulation (EC) No .../...*;
- (e) "synergists" means synergists as referred to in Article 2(3)(b) of Regulation (EC) No .../...*;
- (f) "placing on the market" means placing on the market as defined in point (9) of Article 3 of Regulation (EC) No .../...*;
- (g) "authorisation holder" means authorisation holder as defined in point (24) of Article 3 of Regulation (EC) No .../...*;
- (h) "agricultural use" means any type of application of a plant protection product associated directly or indirectly with the production of plant products in the context of the economic activity of an agricultural holding;
- (i) "professional user" means professional user as defined in point (1) of Article 3 of Directive .../.../EC**;
- (j) "agricultural holding" means agricultural holding as defined in **the Regulation (EC) ° 1166/2008 of the European Parliament and of the Council on farm structure surveys and the survey on agricultural production methods and repealing Council regulation (EEC) ° 571/88.**

Observation:

As the Regulation on farm structure surveys was already adopted and published the Presidency proposes a slight revision of the text.

* Note to OJ: Please insert the No of Regulation from recital (4).

** Note to OJ: Please insert the Directive No as in Article 1(3).

Article 3

Data collection, transmission and processing

1. Member States shall collect the data necessary for the specification of the characteristics listed in Annexes I and II by means of:
 - surveys,
 - **reporting** obligations concerning the placing of the [...] **pesticides** on the market; in particular, obligations pursuant to Article 67 of Regulation (EC) No .../...*,
 - **reporting** obligations applicable to professional users based on records kept on the use of [...] **pesticides**; in particular, obligations pursuant to Article 67 of Regulation (EC) No .../...*,
 - administrative sources, or
 - a combination of these means, including statistical estimation procedures on the basis of expert judgements or models.

Observation:

Formal changes of the text seeking to partially accept EP amendments no. 16 and 17.

2. Member States shall transmit to the Commission (Eurostat) the statistical results, including confidential data, according to the schedules and with the periodicity specified in Annexes I and II. Data shall be presented according to the classification given in Annex III.
3. Member States shall transmit the data in electronic form, in conformity with an appropriate technical format to be adopted by the Commission (Eurostat) in accordance with the regulatory procedure referred to in Article 6(2).

* Note to OJ: Please insert the No of Regulation from recital (4).

4. For reasons of confidentiality, the Commission (Eurostat) shall aggregate the data before publication according to the chemical classes or categories of products indicated in Annex III, taking due account of the protection of confidential data at the level of individual Member State. In accordance [...] **with Article 20 of Regulation (EC) No .../2009 on European Statistics** confidential data shall be used by national authorities and by the Commission (Eurostat) exclusively for statistical purposes **unless the statistical unit has unambiguously given its consent to the use for any other purposes.**

Observation:

The reference to the new Regulation on European Statistics was included to be in line with the previous text.

Article 4

Quality assessment

1. **For the purpose of this Regulation, the quality assessment as laid down in Article 10 (1) of Regulation (EC) No.../2009 on European Statistics shall apply.**
2. Member States shall provide the Commission (Eurostat) with reports on the quality of the data transmitted as referred to in Annexes I and II. The Commission (Eurostat) shall assess the quality of data transmitted.

Observation:

The reference to the new Regulation on European Statistics was included to be in line with the previous text.

Article 5

Implementation measures

1. The Commission shall adopt the appropriate technical format for the transmission of data in accordance with the regulatory procedure referred to in Article 6(2).

2. The Commission shall adopt the definition of the "area treated" as referred to in Section 2 of Annex II. That measure, designed to amend non-essential elements of this Regulation by supplementing it, shall be adopted in accordance with the regulatory procedure with scrutiny referred to in Article 6(3).
3. **In case of necessity** the Commission may *adapt the list of substances to be covered and their classification in categories of products and chemical classes as set out in Annex III.* Those measures, designed to amend non-essential elements of this Regulation, shall be adopted in accordance with the regulatory procedure with scrutiny referred to in Article 6(3).

Observation:

The text was added to partially accept EP amendment no. 24.

Article 6

Committee procedure

1. The Commission shall be assisted by the **European Statistical System Committee referred by Article 7 of Regulation (EC) No.../2009 on European Statistics.**

Observation:

The reference to the new Regulation on European Statistics was included to be in line with the previous text.

2. Where reference is made to this paragraph, Articles 5 and 7 of Decision 1999/468/EC shall apply, having regard to the provisions of Article 8 thereof.

The period laid down in Article 5(6) of Decision 1999/468/EC shall be three months.

3. Where reference is made to this paragraph, Article 5a(1) to (4) and Article 7 of Decision 1999/468/EC shall apply, having regard to the provisions of Article 8 thereof.

Article 7

Report

The Commission shall submit a report on the implementation of the Regulation to the European Parliament and the Council every five years. This report shall evaluate in particular the quality of data transmitted, as referred to in Article 4, the burden on businesses, agricultural holdings and national administrations and the usefulness of these statistics in the context of the Thematic Strategy on the Sustainable Use of Pesticides in particular with regard to the objectives set out in Article 1. It shall, if appropriate, contain proposals designed to further improve data quality and reduce the burden on businesses, agricultural holdings and national administrations.

The first report shall be submitted by 1 January ...*.

Article 8

Entry into force

This Regulation shall enter into force on the twentieth day following that of its publication in the Official Journal of the European Union.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at

For the European Parliament

The President

For the Council

The President

* Note to OJ: please insert the year which is eight years from the year of the adoption of this Regulation.

ANNEX I

Statistics on **the placing of [...] pesticides** on the market

SECTION 1

Coverage

The statistics shall cover substances listed in Annex III contained in **[...] pesticides** placed on the market in each Member State. Special attention shall be paid to avoiding double counting in the event of product reconditioning or transfer of authorisation between authorisation holders.

SECTION 2

Variables

The quantity of each substance listed in Annex III contained in **[...] pesticides** placed on the market shall be compiled **in each Member State**.

Observation:

The text was added to partially accept EP amendment no. 27.

SECTION 3

Reporting measure

Data shall be expressed in kilograms of substances.

SECTION 4

Reference period

The reference period shall be the calendar year.

SECTION 5

First reference period, periodicity and transmission of results

1. The first reference period is the second calendar year following ...*.
2. Member States shall supply data for every calendar year subsequent to the first reference period.
3. Data shall be transmitted to the Commission (Eurostat) within 12 months of the end of the reference year.

* OJ: Please insert the date of entry into force of this Regulation.

SECTION 6

Quality report

Member States shall supply the Commission (Eurostat) with a quality report, referred to in Article 4, indicating:

- the methodology used to collect data;
- relevant aspects of quality according to the methodology used to collect data;
- a description of estimations, aggregations and exclusion methods used.

This report shall be transmitted to the Commission (Eurostat) within 15 months of the end of the reference year.

The report concerning the second reference year shall contain a raw estimate of the proportions of the total quantity of substances in each major group listed in Annex III contained in pesticides placed on the market for both agricultural and non-agricultural use. These estimates shall be renewed every five years.

Observation:

The text was added to accept EP amendment no. 30.

ANNEX II

Statistics on agricultural use of [...] pesticides

SECTION 1

Coverage

1. Statistics shall cover substances listed in Annex III contained in **[...] pesticides** used in agriculture on each selected crop in each Member State.
2. Each Member State shall establish the selection of crops to be covered during the five-year period defined in Section 5. The selection shall be designed to be representative of the crops cultivated in the Member State and of the substances used.

The selection of crops shall take into account the most relevant crops for the national action plans as referred to in Article 4 of Directive .../.../EC*.

SECTION 2

Variables

For each selected crop the following variables shall be compiled:

- (a) the quantity of each substance listed in Annex III contained in **[...] pesticides** used on this crop, and
- (b) the area treated with each substance.

SECTION 3

Reporting measures

1. Quantities of substances used shall be expressed in kilograms.
2. Areas treated shall be expressed in hectares.

* Note to OJ: Please insert the No of Directive as in Article 1(3).

SECTION 4
Reference period

1. The reference period shall, in principle, be a period of maximum 12 months covering **directly or indirectly** all plant protection treatments associated with the crop.

Observation:

The text was added to partially accept EP amendment no. 34.

2. The reference period shall be reported as the year in which the harvest began.

SECTION 5
First reference period, periodicity and transmission of results

1. For each five-year period, Member States shall compile statistics on the use of **[...]** **pesticides** for each selected crop within a reference period as defined in Section 4.
2. Member States may choose the reference period at any time of the five-year period. The choice can be made independently for each selected crop.
3. The first five-year period shall start at the first calendar year following ...^{*}.
4. Member States shall supply data for every five-year period.
5. Data shall be transmitted to the Commission (Eurostat) within 12 months of the end of each five-year period.

^{*} OJ: Please insert the date of the entry into force of this Regulation.

SECTION 6

Quality report

When they transmit their results, Member States shall supply the Commission (Eurostat) with a quality report, referred to in Article 4, indicating:

- the design of the sampling methodology;
 - the methodology used to collect data;
 - an estimation of the relative importance of the crops covered with regard to the overall amount of [...] **pesticides** used;
 - relevant aspects of quality according to the methodology used to collect data;
 - a comparison between data on [...] **pesticides** used during the five-year period and [...] **pesticides** placed on the market during the five corresponding years.
-
